
SECTION 02121

TESTING

PART 1 GENERAL

1.01 DESCRIPTION - WORK INCLUDED

- A. The work required under this section shall include:
1. SACON™ concrete cylinder tests.
 2. Compaction tests and all related testing work as described in these Specifications or as ordered by the CTARNG.

1.02 REFERENCES

- A. Throughout this Section, the "State of Connecticut Department of Transportation Standard Specification for Roads, Bridges and Incidental Construction" will be referred to as "Form 814A" 1995, included thereto are any interim or supplemental specifications.
- B. When reference is made to a particular section of "Form 814A" it will be construed to include all related articles referred to in said section.

1.03 QUALITY ASSURANCE

- A. Comply with the testing requirements and procedures specified elsewhere in these specifications.

PART 2 PRODUCTS

None

PART 3 EXECUTION

3.01 TESTING

- A. Conform to the method of testing requirements and standard testing procedures specified elsewhere in these specifications.
- B. The CTARNG shall approve each testing facility used by the Contractor. The testing facility shall bill the Contractor and the Contractor shall promptly pay the testing facility for the approved services. The Contractor shall make all arrangements with the testing facility, including obtaining and delivering all samples.
